N. A. A. C. P. Took No Part In Ohio Negroes' Leaving Republican Party.

Charges by Ohio Republicans which are under investigation by the Republican National Committee, to the effect that Republican Negroes were being led away from Republicanism met prompt denial yesterday so far as the National Association for the Advancement of Colored People is concerned.

Mary White Ovington, chairman of the Association, said she had found that a group of Colored women in Columbus, O., had changed the name of their club from the Republican Club of the Independent Club in consequence of the defeat of the Civil Rights Bill in Ohio.

John R. Shillady, secretary of the National Association for the Advancement of Colored People, issued the following statement: "There is absolutely no foundation for the charge that the National Association for the Advancement of Colored People is endeavoring to proselytize Negro Republicans. The Association consists of both races of all political opinions and they are united only in fighting for justice for the Negro."

"The activities of the Association with respect to the Ohio Civil Rights Bill were clear and above-board. We sent telegrams to Senator Warren G. Harding at Washington, to ex-Governor Frank B. Willis and to the chairman of the Republican of the Republican State Advisory Committee, serving notice that it and the Colored people of Ohio would hold the Republican Party responsible for the defeat of the Civil Rights Bill, if it was defeated. The bill was defeated. That in all there is to it."
